Janice,

I didn't see a reply. Was this information useful?

Also, do the Tonopah & Arlington egg ranches have to submit greenhouse gas emission reports?

Mr. Blackson,

Your request was forwarded to the Public Access Unit for processing. Please see attached information responsive to your request. I have been advised by the area responsible for this type of record that the information maintained is not separated by work site and includes all work for both facilities. I trust this completes your request. Thank you.
